9. **Complete the tables below** to record statistics regarding the responses to the questions on the pre- and post-session forms completed by learners at this session (i.e., by the participants who attended this session).

Note at the end of this educator's evaluation, the correct answers to the questions on the pre- and post-forms.

#### Pre- & Post-Session Forms: Comparison Data

The pre- and post-session forms include a brief set of questions reflecting knowledge. The same questions were given before and after the session so the impact of the session on participants could be explored by comparing answers on the pre- and post-session forms.

The participants are asked to select the best answer to each of 5 knowledge questions (that have 9 answers total) related to assisting a person with cognitive needs. Results may reflect change in participants' knowledge regarding these questions during the session.
